UNITY SECTIONAL

Smooth clean lines in the seat and arms while double shirred lines in the pillow backs define this reclining sectional. The chaise lounge features our exclusive Performa Weave® cushioning matrix for a cooler, more durable seating experience. With over 700 fabric and leather options and six pieces to configure your space, options are seemingly never-ending.

Power headtilt adjustment for superior comfort and support where you need it most, all at the turn of a dial.

Power headtilt units feature our easy-to-use Comfort Dial. Operate your reclining furniture at the simple turn of a dial.

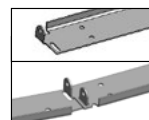

Outside recliners featuring the power option come with built-in USB chargers.

The Unity features a zipper in the upper and a Velcro panel in the lower back for access to the premium cushioning fibers, to customize your comfort by adding or removing fiber.

Innovative seat cushion technology, called Performa Weave®, is cooler, more durable and comfortable than standard foam.

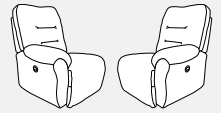

Our patented bracketing system prevents the units from being shifted and separating apart.

All measurements are approximate.
